ADRC has, since its inception, established itself as a frontrunner in the field of arbitration, mediation and negotiation. Owing to a strong belief in the principle of 'learning beyond the Four walls of a classroom', we work to encourage and promote student participation in the arbitration, negotiations and mediation agreements in order to develop important skills required in the real world.

We are one of the oldest ADR Committees in Asia, and have been hosting various workshops and training sessions on Mediation and Negotiation for both vocational and tournament-based operations, as well as organising the Intra College Participant's Pool cum Tournament in addition to our own newsletter, The ADR Gazette. Our goal is to revamp the sphere of mediation and arbitration, both in India and abroad.

ABOUT THE COMPETITION

“ASIA'S
OLDEST AS
WELL AS
INDIA'S
LARGEST
MEDIATION
TOURNAMENT”

Since its inception in 2007, the vision of ADRC has been to disseminate knowledge relating to Alternative Dispute Resolution Mechanisms and create a platform for like minded and zealous individuals to come together to revolutionize the process of dispute settlement.

This goal became a reality in 2012 with the Cell organizing Asia's oldest as well as India's largest Mediation Tournament, the **"NLIU INADR International Law School Mediation Tournament"**. With each successive year, we have witnessed participation from all National Law Schools and premier private law schools of the country besides Universities in United States, Australia and parts of Europe.

With the experience of organizing 10 successful editions of our prestigious mediation tournament, and the two editions of NLIU International Negotiation Competition, this year ADRC aims to conduct the "11th NLIU INADR International Mediation Tournament 2022" on campus. The competition aims to provide an opportunity for students to be a part of disputes akin to actual altercations witnessed by legal professionals. It further presents an opportunity to hone the requisite communication and mediation skills in addition to holding discussions with equally enthusiastic professionals and students in the field. The nuanced feedback offered by our judges with years of experience allows the participants to assess and enhance their performance. The judges, who are highly revered professionals, also bring in diverse opinions owing to their international cohort.
